

What Other Tips Should I Know Before Attending My next CEO Space Class

Saturday, 29 September 2007

CEO SPACE hosts free class PREVIEW workshops in many locations prior to each program.

Forum Prep includes:

- * Attending one or more pre class PREVIEW workshops to meet and greet CEOs, and to mentor others before you go.
 - * Review CEO SPACE's home learning kit as pre class prep.
 - * Double check your hotel space is protected as hotel space becomes a virtual on site office at CEO SPACE events.
 - * Attend a Pre Class workshop at the nearest location to your home community.
 - * Join a founder call on Monday night if you have pre class questions that are specific to your prep work.
 - * Ask for pre-arrival coaching as required.
 - * Phone CEO SPACE's home office on a demand basis prior to class with any need or private coaching requirement.
- Generally CEO SPACE's pre-class kit addresses most commonly raised issues prior to the program start date.
